MOOD CHAIR COLLECTION

Mood is our most versatile chair collection and is designed by Hans Thyge & Co. It combines tactile surfaces with aesthetics and function in the most beautiful way, and allows you to create the right atmosphere and the right environment for your surroundings.

The many frames, shells, colours and upholstery combinations makes it possible for you to customize Mood to fit exactly your interior design solution. The beautifully shaped seat plays on subtle references to the human body and offers a perfect combination of ergonomic comfort and support.

18 chairs of the Mood collection are certified according to the EU Ecolabel.

Winner of the German Design Award 2019 – Excellent Product Design.

PRODUCT HIGHLIGHTS

- 18 chairs certified with EU Ecolabel
- Black shells made from 100% recycled PP-plastic
- The metal frame is made from 45% steel
- Disposal: can easily be separated in each material
- The dotted texture reduces marks and has an anti-slippery effect
- Armchairs can hang on the edge of the table

CLEANING

Everyday cleaning: Wipe the chair with a clean damp cloth.
If the chair is dirty, dip a cloth in soapy water, wring it out and wipe the chair.

All black seat shells: made from 100% upcycled PP from the the European car industry, reinforced with 15% glass fibers.
No virgin material.

Alle metal parts made from 45% recycled metal.

ENVIRONMENT

18 mood 100% models are certified with EU Ecolabel - See all models here

All wooden parts: made from FSC certified oak. In an FSC certified forest, no more trees are felled than the forest can regrow. At the same time, the FSC label is a guarantee that plants and animals will be protected, and that the people who work in the forest are trained and receive a proper salary.
