CLEANING

LINOLEUM

Everyday cleaning:

Clean with a damp cloth. Can also be cleaned with a mild mixture of soap and water. Can also be cleaned with the product "Monel".

Thorough cleaning:

Use a mixture of water and natural soap or Monel to maintain a resistant surface.

NANO LAMINATE

Everyday cleaning:

Use a soft cloth or paper towel, either dry or dampened with water.

Thorough cleaning:

Use warm water (up to 35-40o) with soap or a mild household detergent, leaving it to work until the dirt starts to loosen. Initially use a dry soft cloth or paper towel. Then use warm water (up to 35-40o) with soap or a mild household detergent, leaving it to work until the dirt starts to loosen.

LAMINATE

Everyday cleaning:

Clean with a damp cloth with a mild mixture of soap and water or dishwashing.

Thorough cleaning:

Dip a clean cloth into water containing a universal cleaner. Apply a universal cleaner on the damp cloth. Along the length of the direction of the surface structure. Wipe completely dry with a clean cloth.
