

DRY

Design by Komplot

DRY is an all-round chair designed to fit different segments of the contract market. Because it is lightweight and stackable – both with and without armrests – it can be used in almost any situation where you need to seat a lot of people.

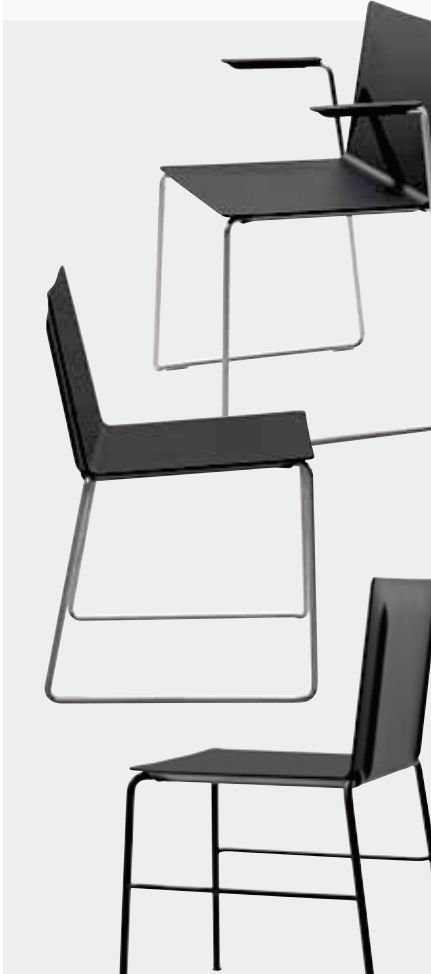

DRY is well known for its soft and flexible shell made of polyurethane which also contributes to an excellent seating comfort.

- Easy to clean
- The chair molds to your body providing both support and comfort
- A silent chair designed to contribute to good room acoustics
- Soft-touch surface due to the pur material
- Durable and versatile
- Can stack up to 15 high
- Chairs can easily be linked in rows - armchair can be hung on table top
- Chair suspension possible
- Weight DRY chair: 6,5 kg
- Weight DRY barchair: 7,5 kg/8 kg
