

PURE

Design by Thore Lassen

One glance at the PURE chair and you sense that this is not just any other new chair. It sets a new standard.

With its original design characterised by intuitive and optimum exploitation of the sculptural properties of the pur material, the PURE chair not only offers a carefully developed ergonomic design and functionality but also an exclusivity not normally encountered in this segment.

- The unique design offers perfect ergonomics
- Soft-touch surface due to the pur material
- A silent chair designed to contribute to good room acoustics
- Chairs can easily be linked in rows
- Frame available in 8 colours
- Chair suspension possible
- Easy to clean
- Weight: 5,5 kg
