

# TONO

Design by Hans Thyge & Co

TONO is one of the first chairs on the market which is made of environmental friendly materials and at the same time is a sound absorbing chair. It is available in many colours and frames and therefore ideal for a wide range of end users and environments.

- Felt shell made of 100% recycled PET bottles
- 3 different frames – 3 different styles
- Elegant seat cushion – not attachable
- Sound absorbing shell
- Beautiful from every angle
- Ergonomic back support
- Available in many colours and combinations
- A versatile chair for many purposes and environments
